Venmar CES Introduces Water Source Heat Pump (WSHP) Feature for VHC Series

Saskatoon, SK (June 21, 2010) – Venmar CES is pleased to announce that the VHC product line has been upgraded to include the following highly anticipated new options:

- Water source heat pump
- Variable Refrigerant Control (VRC)[®] scroll compressors
- High efficiency plenum fan for supply discharge
- Electric post heat up to 120 kW
- Indoor indirect gas-fired post heat
- Three coil extended cabinet option for post heat and cooling

Contact your local [Venmar CES representative](#) to learn more about the features and benefits of the VHC product line.
